

1. Prices for 2002

The subscription rates and prices for back numbers as from 1 January 2002 are given in Table 1.

There will be a 5% discount on the prices of the individual sections for subscribers taking out combined subscriptions to *Sections A+B+C+D* and *Sections A+B+C* of *Acta Crystallographica*. Individuals may also take out a subscription to *Sections A+B+D* at a discount of 5%. Subscribers taking out a combined subscription to *Journal of Applied Crystallography* and *Journal of Synchrotron Radiation* will receive a discount of 14%.

The reduced-rate (personal) subscriptions are ordinarily only available to members of recognized scientific societies, and applications must be accompanied by a written undertaking that the journal is for the personal use of the subscriber and will not be made available to libraries, institutions *etc.* These conditions also apply to persons wishing to order back numbers at the reduced rates.

Volumes and single printed parts of each journal for the last five years are available at the same cost as volumes and single parts of that journal in 2002.
