

Prices of IUCr journals

1. Prices for 2009

The subscription rates and prices for back numbers as from 1 January 2009 are given in Table 1.

There will be a 5% discount on the prices of the individual sections for subscribers taking out any of the combined subscriptions.

The reduced-rate (personal) subscriptions are ordinarily only available to members of recognized scientific societies, and applications must be accompanied by a written undertaking that the journal is for the personal use of the subscriber and will not be made available to libraries, institutions *etc.* These conditions also apply to persons wishing to order back volumes at the reduced rates.

Volumes and single printed parts of each journal for the last five years are available at the same cost as volumes and single parts of that journal in 2009.

Acta Crystallographica Section E is open access. Authors whose institution has a full subscription to *Acta Crystallographica Section C* are eligible for a discount on the open-access fee.

2. Crystallography Journals Online

Electronic editions of all IUCr journals will be available online in 2009 from **Crystallography Journals Online** via the following addresses:

Acta Crystallographica Section A: Foundations of Crystallography,
<http://journals.iucr.org/al>

Acta Crystallographica Section B: Structural Science,
<http://journals.iucr.org/bl>

Acta Crystallographica Section C: Crystal Structure Communications,
<http://journals.iucr.org/cl>

Acta Crystallographica Section D: Biological Crystallography,
<http://journals.iucr.org/dl>

Acta Crystallographica Section E: Structure Reports Online,
<http://journals.iucr.org/el>

Acta Crystallographica Section F: Structural Biology and Crystallization Communications, <http://journals.iucr.org/fl>

Journal of Applied Crystallography, <http://journals.iucr.org/jl>

Journal of Synchrotron Radiation, <http://journals.iucr.org/sl>

Table 1

Institutional and personal subscription price information for IUCr journals for 2009.

Prices are inclusive of postage (airfreight) and are correct as per 1 November 2008; euro and US dollar prices are subject to currency fluctuations.

Journal name	Volume in 2009	Number of issues	Month of first issue	ISSN	Subscription type	UK (GBP)		European Union (EUR)		The Americas/ Rest of the World (USD)

† Single printed parts of these volumes cost GBP 98 (UK), EUR 124 (European Union) or USD 165 (The Americas/Rest of the World). ‡ *Acta Crystallographica Section E* is open access. § Only available online. ¶ Single printed parts of this volume cost GBP 124 (UK), EUR 157 (European Union) or USD 209 (The Americas/Rest of the World).

A number of services, including tables of contents, e-mail alerting and the provision of supplementary material, remain free of charge to both subscribers and nonsubscribers. In addition, both subscribers and nonsubscribers will retain access to full texts of certain types of article (e.g. *CIF Applications*, *Letters to the Editor*, *Book Reviews*) and to some individual articles of other types.

3. Multisite access and consortia

Academic institutions with more than one geographical site will be granted access to **Crystallography Journals Online** from multiple sites for 2009. There will be no extra charge provided that the total number of subscriptions held by the institution is maintained at the levels existing in 2001.

IUCr journals are available for consortia *via* Wiley InterScience. For more information contact cs-journals@wiley.com or subscriptions@iucr.org.

4. Licences

Subscribers will be granted access to the online editions of IUCr journals in 2009 without a licence. However, subscribers will be asked to read the current Terms and Conditions of Use of **Crystallography Journals Online** before registering for the service.

5. Wiley InterScience

IUCr journals will also be available through Wiley InterScience.

6. Back-issues policy

Crystallography Journals Online provides electronic editions of the full back catalogue of IUCr journals (from 1948 to date). This back-issue archive consists of approximately 80000 articles and 300000 pages.

Subscribers holding a current online or print+online subscription to a particular journal will have access to all back issues of that journal *via* **Crystallography Journals Online**. Individual articles from the back-issue archive will also be available to nonsubscribers on payment of a fee for each individual article.

7. Archiving

The IUCr has prepared a statement on its long-term archiving policy. This is available from <http://journals.iucr.org/services/subscriberservices.html>.

8. Orders

Contact information concerning ordering print and online editions of *Acta Crystallographica*, *Journal of Applied Crystallography* and *Journal of Synchrotron Radiation* may be found at http://www3.interscience.wiley.com/aboutus/contactus/contactus_wissales.html.
