

Modulation of the modulated magnetic structure of an Ho i-MAX phase described by a magnetic (3+2)-dimensional superspace group. Corrigendum

Claire V. Colin,^{a*} Quanzheng Tao,^b Christine Opagiste,^a Rafik Ballou,^a Johanna Rosen,^b Thierry Ouisse^c and Václav Petříček^d

Edited by J. M. Perez-Mato, Universidad del País Vasco, Spain

This article is part of a focused issue on Magnetic Structures.

Keywords: magnetic superspace groups; incommensurate structures; rare-earth i-MAX phases; neutron diffraction.

The name of one of the authors in the article by Colin *et al.* [*Acta Cryst.* (2025), **B81**, 37–46] is corrected.

The name of the fourth author in the article by Colin *et al.* (2025) is incorrectly given as Rafik Balou. The correct spelling is Rafik Ballou, as given above.
