

## Crystal structure and Hirshfeld surface analysis of 2-(1*H*-indol-3-yl)ethanaminium acetate hemihydrate. Corrigendum

Balakrishnan Rajeswari,<sup>a</sup> Radhakrishnan Santhi,<sup>a</sup> Palaniyappan Sivajeyanthi<sup>b</sup> and Kasthuri Balasubramani<sup>b\*</sup>

<sup>a</sup>PG and Research Department of Chemistry, Seethalakshmi Ramaswamy College (Affiliated to Bharathidasan University), Tiruchirappalli-2, Tamil Nadu, India, and <sup>b</sup>Department of Chemistry, Government Arts College (Affiliated to Bharathidasan University), Thanthonimalai, Karur 639 005, Tamil Nadu, India. \*Correspondence e-mail: manavaibala@gmail.com

In the paper by Rajeswari *et al.* [*Acta Cryst.* (2019), **E75**, 451–455], the affiliations were not given correctly.

The affiliations in the paper by Rajeswari *et al.* (2019) are incorrect and should be ‘<sup>a</sup>PG and Research Department of Chemistry, Seethalakshmi Ramaswamy College (Affiliated to Bharathidasan University), Tiruchirappalli-2, Tamil Nadu, India and <sup>b</sup>Department of Chemistry, Government Arts College (Affiliated to Bharathidasan University), Thanthonimalai, Karur 639 005, Tamil Nadu, India’, as given above.
