### Notes and News

*Announcements and other items of crystallographic interest will be published under this heading at the discretion of the Editorial Board. The notes (in duplicate) should be sent to the Executive Secretary of the International Union of Crystallography J. N. King, International Union of Crystallography, 13 White Friars, Chester (H1 1NZ, England). Publication of an item in a particular issue cannot be guaranteed unless the draft is received 8 weeks before the date of publication.*

#### Bragg Symposium 1970

##### X-ray Analysis – Past, Present and Future

In celebration of Sir Lawrence Bragg's 80th birthday on 31 March 1970, a symposium is being arranged, sponsored by the Royal Society's British National Committee for Crystallography, the X-ray Analysis Group of the Institute of Physics and the Physical Society, and the International Union of Crystallography. The Chairman of the Organizing Committee is Dr W. H. Taylor of the Crystallographic Laboratory, Cambridge CB2 3RQ, England.

There will be invited and contributed papers on aspects of X-ray analysis to which Sir Lawrence Bragg has made particularly important contributions - methods of analysis, minerals, metals, and big molecules.

The meeting will be held at the Royal Institution, London, beginning on the afternoon of Wednesday 1 April and ending at midday on Friday 3 April 1970.

Advance registration will be necessary. Participants will be expected to make their own arrangements for accommodation. If applications for membership exceed the capacity of the lecture theatre, intending participants whose applications cannot be accepted will be informed as quickly as possible by the Organizing Committee.

Further details, and the necessary registration form, will be available during November 1969 and requests for these should be made by writing before 1 December 1969 to The Meetings Officer, The Institute of Physics and The Physical Society, 47 Belgrave Square, London S.W.1, England.

#### New Volumes of *Structure Reports*

Volume 25 of *Structure Reports*, which is the cumulative index for the ten years 1951-1960, was published in August 1969. Volume 26, covering the literature of 1961, was published in February 1969. The price of Volume 25 is 90 Netherlands Guilders (US \$25 or £10.10s. at the present rates of exchange) and of Volume 26: 140 Netherlands Guilders (US \$39 or £16.8s.), when ordered outside the Netherlands. Note, however, that prices of all volumes of *Structure Reports* to customers in the Netherlands are

increased by  $f5$  because of the recently introduced turnover-tax (B.T.W.).

Full details of various price reductions for standing orders and the ten-year sets, and of personal prices for *Structure Reports* were given in *Acta Cryst.* **A24** (1968) 703 and **B24** (1968) 1398, and in *J. Appl. Cryst.* **1** (1968) 196. Note, however, that the discounts for the ten-year sets continue to be available.

#### VIIth International Congress on Electron Microscopy 30 August – 5 September 1970, Grenoble, France

The VIIth International Congress on Electron Microscopy will be held in Grenoble (France) from 30 August to 5 September 1970, organized by the French Society of Electron Microscopy under the auspices of the International Federation of Electron Microscopy Societies.

The Congress will deal with electron optics and related techniques, apparatus design, specimen preparation, and the applications of electron microscopy in biology, medicine, biochemistry, crystallography, metallurgy, etc. Contributions of interest to both physicists and biologists will be favoured.

Interested scientists not yet registered are cordially invited to attend. Further information can be obtained from the General Secretary

Prof. J. André  
Bâtiment 444  
Faculté des Sciences  
91-ORSAY  
France

or the local chairman

Mr. A. Saulnier  
VIIe Congrès International de Microscopie Electronique

38-GRENOBLE  
France

# International Union of Crystallography

## Acta Crystallographica

### Journal of Applied Crystallography

#### Acta Crystallographica

The Executive Committee of the International Union of Crystallography announces that it is necessary to increase the regular yearly subscription rates for *Acta Crystallographica* from 1 January 1970. The number of papers submitted has increased greatly, so much so that the 1969 issues are expected to be at least half as large again as the 1968 issues, with the result that the Union will suffer a heavy financial loss on the 1969 operations. It is also necessary to cover the small increases in the basic costs of production.

The new yearly subscription rates for 1970 (Volumes A26 and B26) onwards are:

#### Complete volumes, regular price per volume

Combined subscription, Sections A & B	D.kr. 1000 (\$135.00 or £56.5.0)
Section A only	D.kr. 250 (\$33.75 or £14.1.0)
Section B only	D.kr. 850 (\$114.75 or £47.16.0)

#### Complete volumes, reduced price for individuals

Combined subscription, Sections A & B	D.kr. 400 (\$54.00 or £22.10.0)
Section A only	D.kr. 100 (\$13.50 or £5.12.0)
Section B only	D.kr. 340 (\$45.90 or £19.2.0)

#### Single parts

Section A	D.kr. 60 (\$8.10 or £3.8.0)
Section B	D.kr. 100 (\$13.50 or £5.12.0)

Personal subscribers should note that there has been no increase in their rate for Section A only, and that their rates for the combined subscription and for Section B only have been increased by much smaller percentages than the regular rates. In fact, the personal subscription rates are now 40% of the regular prices, whereas previously they were 50% of the regular prices.

At the present rates of exchange, orders are also accepted in U.S. dollars and pounds sterling at the prices shown in parentheses. Orders should be addressed to Munksgaard International Booksellers and Publishers Ltd, 47 Prags Boulevard, DK-2300 Copenhagen S, Denmark or to any bookseller. Orders for complete volumes from subscribers in the North American area may alternatively be placed through Polycrystal Book Service, P.O.Box 11567, Pittsburgh, Pa. 15238, U.S.A. at the U.S. dollar prices shown above. The reduced rate subscriptions for individuals are ordinarily only available to members of recognized scientific societies, who must give a written undertaking accompanying their subscription application that the journal is for their personal use and will not be made available to libraries, institutions, etc.

Each annual volume of Section A (crystal physics, diffraction, theoretical and general crystallography) contains six parts and each annual volume of Section B (structural crystallography and crystal chemistry) contains twelve parts.

The prices for back numbers published before 1 January 1970 will remain unaltered. At the present rates of exchange these prices are:

#### Complete volumes, regular price per volume

Vols. 1-4	D.kr. 150 (\$20.25 or £8.9.0)
Vols. 5-17	D.kr. 240 (£32.40 or £13.10.0)
Vols. 18-23	D.kr. 200 (\$27.00 or £11.5.0)
Vols. A24-A25	D.kr. 200 (\$27.00 or £11.5.0)
Vols. B24-B25	D.kr. 500 (\$67.50 or £28.3.0)
Combined Vols. 24-25	D.kr. 600 (\$81.00 or £33.15.0)

#### Complete volumes, reduced price for individuals

Vols. 1-4	D.kr. 75 (\$10.15 or £4.4.0)
Vols. 5-17	D.kr. 120 (\$16.20 or £6.15.0)
Vols. 18-23	D.kr. 100 (\$13.50 or £5.12.0)
Vols. A24-A25	D.kr. 100 (\$13.50 or £5.12.0)
Vols. B24-B25	D.kr. 250 (\$33.75 or £14.2.0)
Combined Vols. 24-25	D.kr. 300 (\$40.50 or £16.18.0)

#### Single parts

Vols. 1-4	D.kr. 30 (\$4.05 or £1.14.0)
Vol. 5	D.kr. 60 (\$8.10 or £3.8.0)
Vols. 6-17	D.kr. 30 (\$4.05 or £1.14.0)
Vols. 18-23	D.kr. 50 (\$6.75 or £2.16.0)
Vols. A24-A25	D.kr. 50 (\$6.75 or £2.16.0)
Vols. B24-B25	D.kr. 60 (\$8.10 or £3.8.0)
Vol. A25, part S3	D.kr. 75 (\$10.00 or £4.4.0)

(Abstracts supplement)

#### Journal of Applied Crystallography

The prices for the *Journal of Applied Crystallography* remain unaltered. The yearly subscription rates are:

#### Complete volumes, regular price per volume

D.kr. 240 (\$32.40 or £13.10.0)
---------------------------------

#### Complete volumes, reduced price for individuals

D.kr. 120 (\$16.20 or £6.15.0)
--------------------------------

#### Single parts

D.kr. 60 (\$8.10 or £3.8.0)
-----------------------------
