Frank C. Hawthorne has been awarded the Willet G. Miller medal of the Royal Society of Canada. The Miller medal is a biennial award for research in Earth Sciences. The citation was for combining crystallography, chemical theory and mathematics to provide innovative ways of treating mineral structures and their behaviour in geological processes. Frank Hawthorne is currently Professor of Crystallography and Mineralogy at the University of Manitoba.

Education and Teaching In Crystallography

Call for papers

The Editorial Board of the *Journal of Applied Crystallography* has decided to introduce a new section to cover all aspects of the teaching and education of crystallography. Full Articles, Short Communications and descriptions of educational computer programs may be submitted to any of the Co-editors. In addition, announcements and reports of teaching courses, as well as Letters to the Editor, should be submitted to the Editor of *Journal of Applied Crystallography*, A. M. Glazer.

Prices of *Acta Crystallographica* and *Journal of Applied Crystallography*

The Executive Committee of the International Union of Crystallography is pleased to announce that there will be a 15% discount on the prices of the individual sections for subscribers taking out a combined subscription to Sections A + B + C + D of *Acta Crystallographica*. Subscribers taking out a combined subscription to Sections A + B + C will receive a 4% discount. Individuals may also take out a combined subscription to Sections A + B + D at a discount of 5%. Section D is no longer included automati-

cally with the combined subscription to Sections A + B + C.

The Executive Committee has determined the following subscription rates and prices of back numbers for *Acta Crystallographica* and *Journal of Applied Crystallography* as from 1 January 1994.

Acta Crystallographica

The following rates will apply for Volumes A50, B50, C50 and D50 (1994). All subscription rates are fixed in Danish kroner. The US dollar equivalents are no longer given because of rapid fluctuations in exchange rates.

Complete volumes, regular price per volume
