

## Notes for Authors

## Special Issue on XFELs and XFEL Science

**1. Submission**

Authors should submit their paper *via the web* at <http://journals.iucr.org/s/services/specialissues.html>. **Papers are expected to be submitted by 30 September 2018.**

**2. Manuscript preparation****2.1. File formats**

The manuscript should be prepared using Word,  $\text{\TeX}$  or  $\text{\LaTeX}$ . Authors are encouraged to use the templates available from <http://journals.iucr.org/s/services/authorservices.html> where full instructions are given.

Figures should be prepared in PostScript, encapsulated PostScript or TIFF formats. The resolution of bitmap graphics should be a minimum of 600 d.p.i.

Details of the files needed for submission can be found at <http://journals.iucr.org/s/services/submitinstructions.html>.

**2.2. General**

Contributions should conform to the general editorial style of *Journal of Synchrotron Radiation*.

**2.3. Title and authors**

The title should be short and informative. The contact author should provide an e-mail address. The e-mail address will be used for editorial communications and despatch of electronic proofs and reprints.

**2.4. Abstract and synopsis**

All contributions must be preceded by an *Abstract* in English. The *Abstract* should be no more than 200 words and it should make no reference to tables, diagrams or formulae contained in the body of the paper. Literature references in the *Abstract* are discouraged but if a reference is unavoidable it should be sufficiently full within the *Abstract* for unambiguous identification, e.g. [Jones (2001). *Acta Cryst.* **D57**, 1–10].

Authors should supply a synopsis of no more than two sentences for inclusion in the contents listing of the journal.

**2.5. Units**

The International System of Units (SI) is used except that the ångström (symbol Å, defined as  $10^{-10}$  m) is generally preferred to the nanometre (nm) or picometre (pm) as the appropriate unit of length. Recommended prefixes of decimal multiples should be used rather than ‘ $\times 10^n$ ’.

**2.6. Figures**

Figures should be prepared using one of the file formats listed in §2.1.

**2.7. Tables**

Tables which are produced in Word should be prepared using the Word table editor.

**2.8. Mathematics**

Displayed mathematical equations which are produced in Word should be prepared using the Word equation editor.

**2.9. Multimedia**

Multimedia additions to a paper are welcomed and will be made available online. Please see <http://journals.iucr.org/s/services/submitinstructions.html> for submission details.

**2.10. References**

References to published work must be indicated by giving the authors' names followed immediately by the year of publication, e.g. Neder & Schulz (1998) or (Neder & Schulz, 1998). Where there are three or more authors the reference in the text should be indicated in the form Smith *et al.* (1998) or (Smith *et al.*, 1998) *etc.* All authors should be included in a full list at the end of the paper. This list should be arranged alphabetically and conform with the following style:

Andrews, M. D., Wright, H. E. & Clarke, S. A. (2013). In preparation.  
Brünger, A. T. (1992). *X-PLOR. Version 3.1. A System for X-ray Crystallography and NMR*. Yale University, Connecticut, USA.

Collaborative Computational Project, Number 4 (1994). *Acta Cryst.* **D50**, 760–763.

Crowther, R. A. (1972). *The Molecular Replacement Method*, edited by M. G. Rossmann, pp. 173–178. New York: Gordon and Breach.

International Union of Crystallography (2001). *(IUCr) Structure Reports Online*, <http://journals.iucr.org/e/journalhomepage.html>.

Note that **inclusive** page numbers must be given.

**3. Crystallography Journals Online**

All IUCr journals are available on the web *via Crystallography Journals Online*, <http://journals.iucr.org>. Full details of author services can be found at <http://journals.iucr.org/s/services/authorservices.html>. Articles will be published online as soon as they are ready.

**3.1. Reprints**

After publication the correspondence author will be able to download the electronic reprint of the published article, free of charge. Authors will also be able to order printed reprints at the proof stage.

**4. Contact information**

Papers accepted for publication will be technically edited at the IUCr Editorial Office in Chester. Contact details for this office are as follows:

**The Managing Editor**  
**Journal of Synchrotron Radiation**  
**International Union of Crystallography**  
**5 Abbey Square**  
**Chester CH1 2HU, UK**  
Telephone: +44 1244 342878  
E-mail: [tw@iucr.org](mailto:tw@iucr.org)
