

Special issues from the IUCr

Print copies of the following special issues of *Acta Crystallographica*, the *Journal of Applied Crystallography* (JAC) and the *Journal of Synchrotron Radiation* (JSR) are available at a discounted price of USD40.00/EUR40.00/GBP30.00 each (including postage):

- CCP4 Study Weekend on Data Collection and Processing**, Warwick, UK; 4–6 January 2012 (Acta D, July 2013, 144 pp.)
- Seventh International Workshop on X-ray Damage to Biological Crystalline Samples**, Diamond Light Source, UK; 14–16 March 2012 (JSR, January 2013, 208 pp.)
- International Workshop on Improving Data Quality and Quantity for XAFS Experiments (Q2XAFS2011)**, Photon Factory, Tsukuba, Japan; 8–9 December 2011 (JSR, November 2012, 218 pp.)
- CCP4 Study Weekend on Model Building, Refinement and Validation**, University of Warwick, UK; January 2011 (Acta D, April 2012, 172 pp.)
- CCP4 Study Weekend: From Crystal to Structure with CCP4**, Nottingham, UK; January 2010 (Acta D, April 2011, 162 pp.)
- Third International Symposium on Diffraction Structural Biology**, Orsay/Saint Aubin, France; 25–28 May 2010 (JSR, January 2011, 100 pp.)
- Neutrons in biology** (Acta D, November 2010, 148 pp.)
- Crystallography education and training for the 21st century** (JAC, October 2010, No. 2, 148 pp.)
- CCP4 Study Weekend on Experimental Phasing and Radiation Damage**, Nottingham, UK; January 2009 (Acta D, April 2010, 176 pp.)
- Dynamical structural science** (Acta A, March 2010, 148 pp.)
- Synchrotron radiation in soil and geosciences** (JSR, March 2010, 152 pp.)
- Advances and synergy of high-pressure sciences at synchrotron sources** (JSR, November 2009, 186 pp.)
- Workshop on New Algorithms in Macromolecular Crystallography and Electron Microscopy**, Leiden, The Netherlands; May 2008 (Acta D, July 2009, 112 pp.)
- CCP4 Study Weekend on Low-Resolution Structure Determination and Validation**, Leeds, UK; January 2008 (Acta D, February 2009, 98 pp.)
- CCP4 Study Weekend on Molecular Replacement**, Reading, UK; January 2007 (Acta D, January 2008, 140 pp.)
- CCP4 Study Weekend on Crystallography of Complexes**, Leeds, UK; January 2006 (Acta D, January 2007, 117 pp.)
- Structural Proteomics IN Europe** (Acta D, October 2006, 188 pp.)
- Get-Phases**, Beijing, PRC; October–November 2005 (Acta D, August 2006, 108 pp.)
- International MaThCryst School**, Nancy, France; June 2005 (Acta A, March 2006, 108 pp.)
- CCP4 Study Weekend on Data Collection and Analysis**, Reading, UK; January 2005 (Acta D, January 2006, 124 pp.)
- Synchrotron Radiation and Nanobiosciences** (JSR, November 2005, 128 pp.)
- Structure Determination by Single-Crystal XRD at Megabar Pressures** (JSR, September 2005, 164 pp.)
- Softer X-rays in Structural Studies** (JSR, July 2005, 154 pp.)
- 10th International Conference on the Crystallization of Biological Macromolecules**, Beijing, PRC; 5–8 June 2004 (Acta D, June 2005, 204 pp.)
- BioXAS and Metallogenomics: Second BioXAS Study Weekend on Genomics and BioXAS**, Orsay, France; 29–30 June 2003 (JSR, January 2005, 122 pp.)
- New Information from Modern Charge Density Methods, Third European Charge Density Meeting**, Sandbjerg Estate, Denmark; 24–29 June 2003 (Acta A, September 2004, 160 pp.)
- CCP4 Study Weekend on High-Throughput Structure Determination**, York, UK; January 2002 (Acta D, November 2002, 74 pp.)

Ordering information

Please submit your order by e-mail to support@iucr.org, by fax to +44 1244 314888 or by mail to IUCr, 5 Abbey Square, Chester CH1 2HU, UK, indicating the number of copies of each issue required.

- Please bill me for _____
- I enclose a cheque for _____ made payable to **International Union of Crystallography**

Name _____
